MARCH 1, 2021

March 2021 is Developmental Disabilities Awareness Month

A Proclamation

Whereas, people with a developmental disability are of all racial, ethnic, educational, social, and economic backgrounds, and all are valued members of society who find fulfillment living everyday lives; and

Whereas, National Developmental Disabilities (DD) Awareness Month officially began in 1987 with a proclamation from President Reagan to help bring awareness and acceptance for people of every ability.

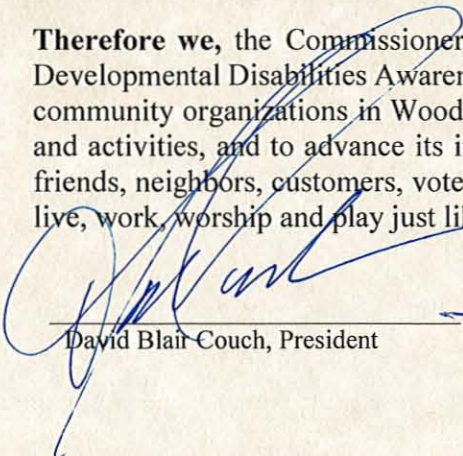

Whereas, the month seeks to raise awareness about the inclusion of people with developmental disabilities in all facets of community life, as well as awareness of the barriers that people with disabilities still sometimes face in connecting to the communities in which they live.

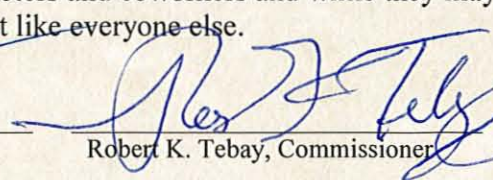

Whereas, Wood County, West Virginia has a commitment to being an inclusive for people with and without disabilities.

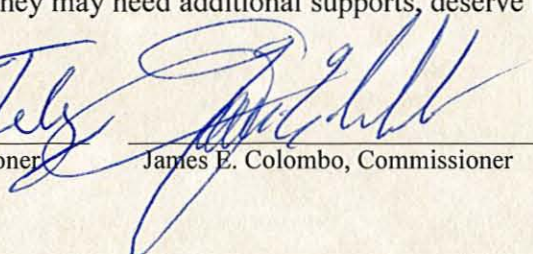

Whereas, people with a developmental disability are of all racial, ethnic, educational, social, and economic backgrounds, and all are valued members of society who find fulfillment living everyday lives; and

Whereas, we value what is important to people with disabilities and their families who are striving for everyday lives no different than that of all other citizens;

Therefore we, the Commissioners of Wood County, West Virginia do hereby proclaim March 2021 as Developmental Disabilities Awareness Month and in doing so, we call upon residents, employers, schools and community organizations in Wood County, West Virginia to observe this month with appropriate programs and activities, and to advance its important message that people with developmental disabilities are family, friends, neighbors, customers, voters and coworkers and while they may need additional supports, deserve to live, work, worship and play just like everyone else.

Subject: [EXTERNAL SENDER] Video gaming on Waverly Road

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I am a resident of Wood County and I live in Williamstown. I heard that a video gaming facility was granted a variance to be built in the lot on Waverly Rd. just past the underpass. I'd like to express my disapproval of this variance for various reasons. 1) There are no less than 8 video gaming facilities nearby. Where there isn't a "need", why are we making an exception? 2) When such businesses are about to be built, and it affects neighboring properties, why aren't residents contacted and at least given the opportunity to speak out against it at your meetings? I know a neighbor directly across from this site who was not notified. 3) This not only affects my friend and other's property values along Waverly Rd., but it affects her safety, and the safety of others who will be traveling that road. It is a terrible idea to place a business in the middle of a turn like this. 4) Video gaming is associated with drinking. Drinking and driving along that road is an accident waiting to happen. 5) A similar facility that would have been placed within city limits and operated out of Davinci's was recently shot down. If the people of Williamstown were supportive of a venture such as this, they would have supported the long-time business owner of Davinci's in her effort to add gaming to her business. Placing a facility just out of city limits flies in the face of what the people of Williamstown want and would deem appropriate. It feels exactly like these efforts have been back-doored. 6) Please don't forget about the addition of a new kayaking launch at the wildlife refuge out Waverly Rd past this location. This will likely add to an increase in traffic out that way. It is already a road commonly traveled by cyclists, outdoorsmen and campers. Let's not add a bar/gaming site to this mix.

I'd like to ask that you reconsider this variance, or at the very least call a public hearing to hear feedback from the residents this will directly affect.

Thank you,
Heather Coty, lifetime Wood County resident

Subject: [EXTERNAL SENDER] Gambling Near Williamstown

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello,

I was given this email address as a way to voice my concern for a gambling place very close to my home, just outside Williamstown city limits.

I believe that if the owner of said tract had contacted any of the people living near there, besides a rental company, they would have found we are not happy with this venture. I'll assume that's why NONE of us were asked. This is a residential area and we would like to keep it that way. Many of us have children and more traffic and out of state people coming through is not wanted by our HOMES. Our city and our community gain absolutely NOTHING from this place. There are NO positives in this, in more ways than one. I'd like to know how many Board Members would approve a gambling establishment just steps from their front door?? Also, I can only imagine the negative effect to our property values.

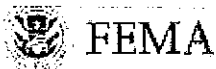

Most notably, let's be real here, I cannot for the life of me figure out how this is even plausible. That parcel is a hillside, with train tracts going through the middle, and the lower half is a land locked flood zone. Where would a building be built? What about parking? They're going to need a septic tank and leach field also, as none of us have city sewer. Even if they could build it on the flood zone part, CSX is not going to let a business have customers crossing their tracts. (Ask the guy who built the sternwheel place on Route 14 near the end of Henderson Avenue in Williamstown about it. He learned the hard way, AFTER he built, that CSX wasn't going to allow it.) Not to mention, if they ever need a police officer, they're going to have to wait for a Sheriff. So let's just nip this terrible idea in the bud and stop it now, please. There are other Commercial properties for this.

Only weeks ago, Williamstown voted down the addition of more gambling machines to a very prominent member of our own town. This should not be ANY different.

Please read/forward this to anyone that can make a difference.

Thank you,

Subject: **Variance for Gambling Facility on Waverly Road**
Date: **Mar 1, 2021, 7:07:22 AM**
To: **angie@woodcountywv.com, bobtebay@woodcountywv.com, jcolombo@woodcountywv.com**

To Whom it May Concern,

We are severely concerned about the gambling facility being built on Waverly Road in Williamstown. My house is located less than 500 ft from the location and at NO time have we been contacted about the variance. Following are our concerns:

1. The safety of our children. We have two children ages 10 and 12 that play outside daily. The facility is looking to build less than 400 ft from our trampoline and basketball hoop. The increase of traffic and the location of the facility in the blind turn are a deep concern for their safety. The turn has been the sight to many accidents already. Including the accident that killed my uncle. Pulling out of our driveway is dangerous now, before adding additional traffic and obstacles from the Gambling facility. We are deeply concerned for our children's safety and the safety of others in our neighborhood.

2. The value of our property. We have worked very hard since 2009 when we purchased our home to increase the value of our property. We have purchased the additional lot beside our home and removed a mobile home, completed a kitchen addition and a complete home renovation. No one wants a gambling facility built in their side yard, including ourselves.

3. Our small town already has 8 gambling facilities. Enough is enough. I am born and raised in Williamstown. We do not need another gambling facility. They are currently already on every corner! Gambling is a horrible addiction that does not need another home in our town.

4. The increase in the crime rate. Our home is literally a rock's throw from where this facility will be built. The increase in crime would be inevitable for us.

We do not want a gambling facility built in our side yard. We should have been notified previously to the hearing and we were NOT! For the safety of ourselves and our children, the value of our property, the future of our wonderful town and to keep our home safe, we are DEEPLY opposed to the passing of the variance. Laws were put into place for a reason...to protect homeowners and our children! We feel that passing the variance is a violation of our rights!
