CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Sarah,

Sorry for the delayed response, but in working to address the May 2022 letter we have come up with some major hurdles and questions. We share your perspective for the need to remove units on the property and have been at work to address them even prior to the letter. We would like to breakdown our response in three categories:

- Asbestos Testing
- Condemnation
- Progress & Plan

Asbestos Testing

Our research found that mobile homes built in 1970 and beyond do not contain asbestos according to the EPA website. We called multiple contractors for estimates in asbestos testing to find that it will cost \$250-\$1,000 per mobile home to have them tested. \$84,000 is the estimate to test and remove units as called out in this report. This is not fiscally feasible. **We are asking for the commissions help in this matter by waving the asbestos testing on the mobile homes that were built after 1970.**

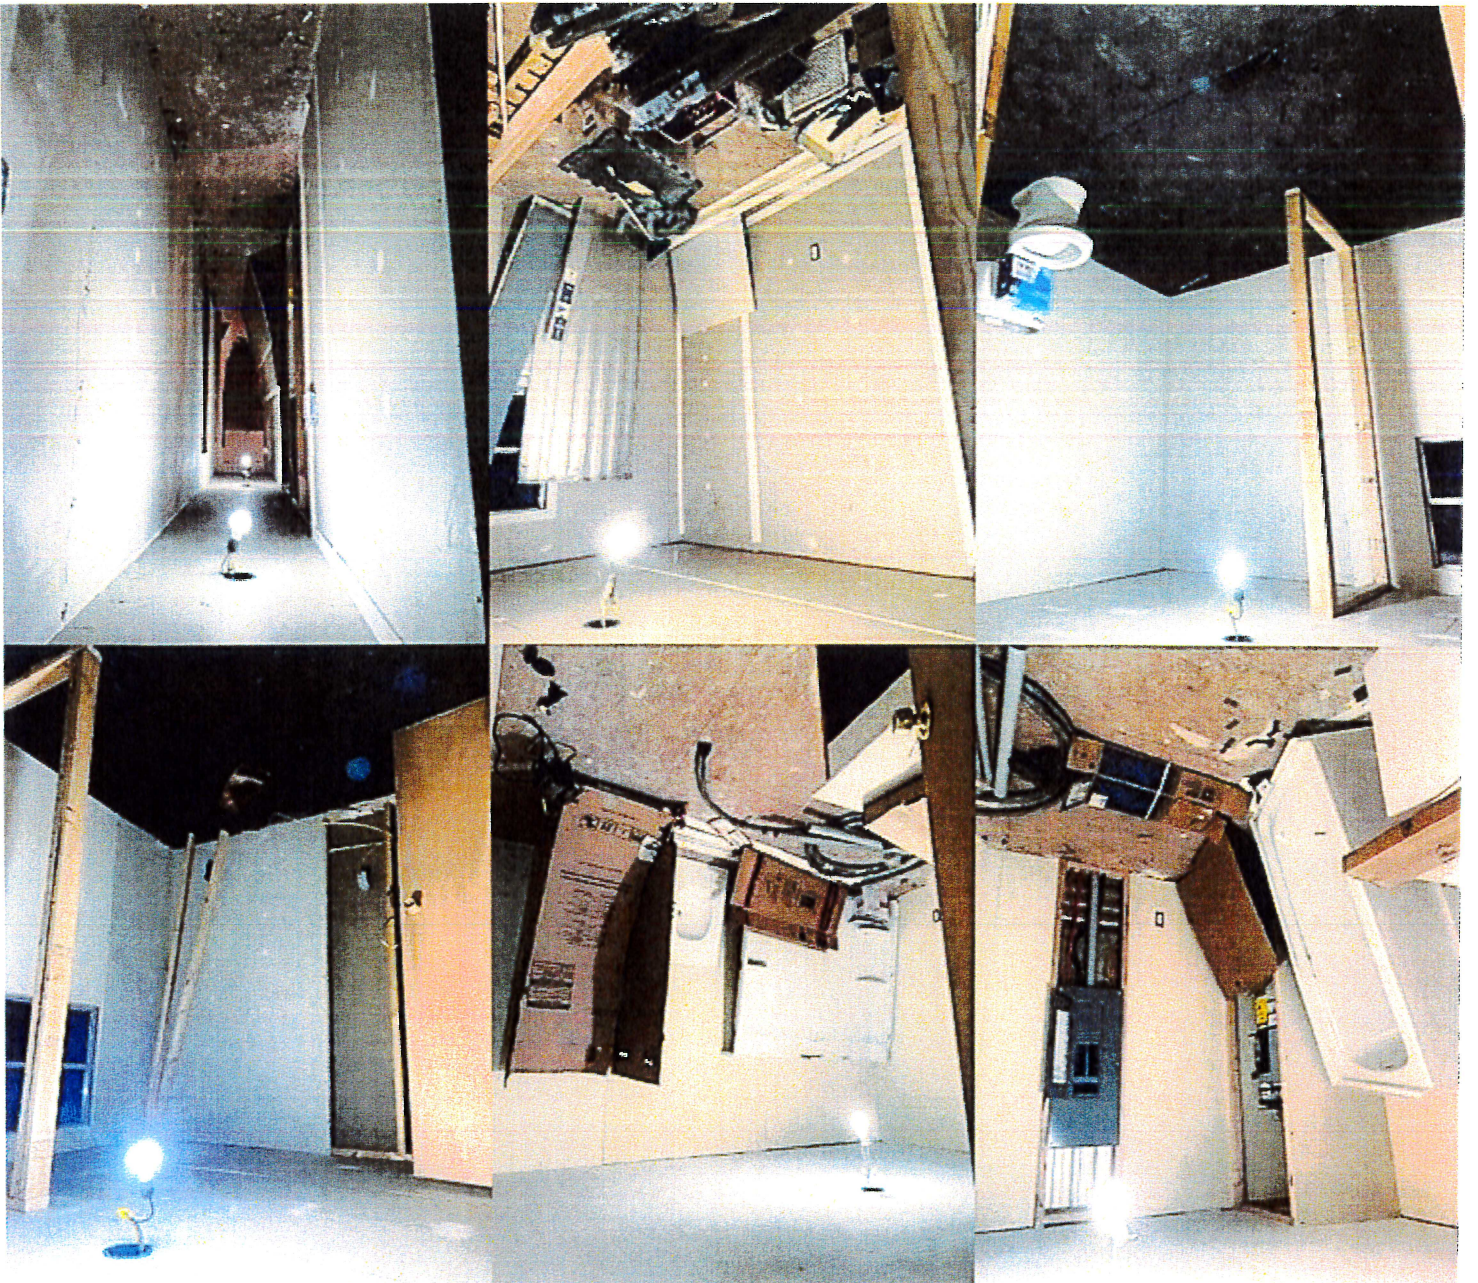

Another problem we encountered is determining the make, model and year of these units. None were purchased new, they were inherited when I foreclosed on the previous owner in 2012. Unfortunately, almost all of these homes don't have identification methods as stated here: <https://www.mobilehome.net/pages/mobile-home-identification> Even the serial numbers found on hitches have been removed or are no longer recognizable. This leaves visual identification as the only method to determine age. I have recently asked the mobile home community for any one with that expertise. It will likely be mobile home salesman.

Section 3.2 Condemnation of Unsafe Structures

I will address the units specifically below and this is where we question some of the findings. Generally, we are in agreement, the vast majority of the units need to be removed.

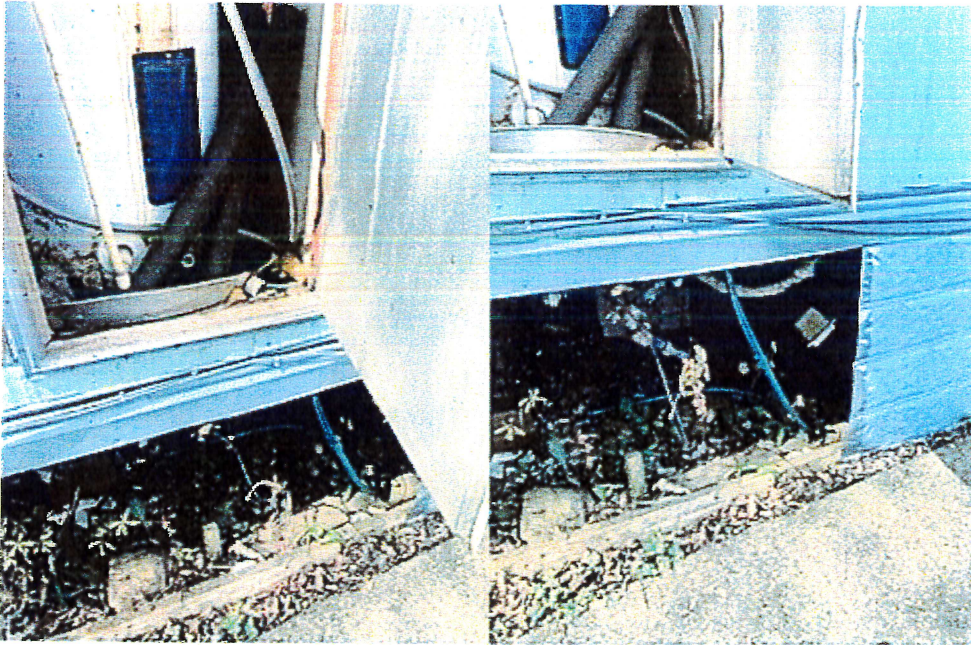

Gardenia 22,23,28,29,34,42,47,59,65,68,82 will be removed.
48 is presently in the process of demolition. 81 was demoed this week.

73 Gardenia - This unit is presently being refurbished. Other than the uphill skirting not in place until we finish, I'm puzzled why this was even listed. Here are pictures of our interior work:

74 Gardenia - Admittedly an odd one. The sitting water was caused by the water heater rotting out. The unit has no utilities turned on and the renter lives out of state. He uses it as a storage unit. He would gladly sign a letter to confirm this. We will be removing the hot water heater this week. Here are pictures from the same spot taken Friday 4/21/2023:

Lantana 6,14,30,36,44,66 & 69 will be removed.

20 Lantana - Was tenant owned and recently sold to an individual that is refurbishing it. They work full-time and complete work on the weekends. We have asked them to keep their mess to a minimum.

19L & 27L - One has a placard and one has not. The letter included exterior pictures of both, is a placard missing? I don't know how the one unit was accessed to take pictures because I couldn't do so on my visit 4/21/2023. There isn't a specific code infraction listed, but if the unit is sealed will that be adequate for now? They are both six foot high to the floor, so access is extremely difficult. A specific code infraction would be helpful in addressing the condemnation. Skirting is only open on the uphill side.

Progress & Plan

Since July 2022 we have removed eight units(9,17 & 81 Gardenia), (7,43,71,72 & 79 Lantana). A tenant owned unit has been moved onto 71L. We have been diligent keeping the property clear of trash and cutting the grass twice monthly. Feral cats have also been removed.

Our removal plan is three pronged. The ones that are not road safe or in difficult locations will be demoed. Mitchell's Home Park will be taking a few more units to their property to be refurbished. Lastly(and the vast majority), will be disposed at the Waste Management dump by two trailer moving companies. We are pushing to get this done by the end of May, first week in June depending on the weather at a cost of \$40,000.

We hope you can help us facilitate this process.
