Subject: public utilities and irp fees

Hi Marty,

Unfortunately the state auditors office did it again and deposited the public utilities and irp fees into the general fund account. I have been in contact with numerous people at the state trying to get this stopped. It looks like the only way to do it is to set up a new vendor code with WVOasis which I am in the process of doing.

In the mean time, I need this money put into fund 910 so I can distribute it at the end of June. I will need a check from the general county funds just like last month.

I have tried to get them to just cut a paper check like in the past and they refused.

I will try to get this fixed before next month, I am at the mercy of the state right now to get this set up.
