

IN THE COUNTY COMMISSION OF WOOD COUNTY, WEST VIRGINIA

IN RE: Minutes of the meeting held September 13, 1983

Present: President: William C. Parrish
Commissioner, Dexter L. Buckley, Jr.
Commissioner, Holmes R. Shaver

This day came Susan Bunner, Cedar Grove Nursing Home, to ask the Commission for financial assistance in replacing the furnace system. She presented the Commissioners with three estimates; whereupon the Commissioners stated they, too, would check on prices elsewhere and get back with Susan in the near future.

At 1:00 the League of Women Voters came before the Commission to express their concern over the placing of Voters' Registration on the top floor of the Courthouse. Karen Campbell, of the league, stated that it seems that the offices with the greatest influx of people are being put on the top floors and thinks that the building plans should be assessed anew. It was explained by Commissioners Holmes Shaver and Dexter L. Buckley, Jr., that the Commission is mandated by law to protect records that are now being stored outside the building which is a most inadequate situation, and that they are awaiting the results from a meeting between the County Clerk and the Bar Association on just how much room for records will be needed. It was also explained to them if the public wishes to attend a Commission meeting that agendas are published in both the Parkersburg News & Sentinel. It was then suggested by the league that Probate be moved upstairs. Commission President William C. Parrish checked with Probate office which said they had seen between 50-75 people that day alone. Parrish explained that quite a few of the people who frequent that office are elderly or bereaved and need privacy & easy access to that office. Commissioner Shaver explained that if Voters' Registration is moved to fourth floor the public will have notification before actual move is made.
