IN THE COUNTY COMMISSION OF WOOD COUNTY, WEST VIRGINIA

IN RE: MINUTES OF MEETING HELD THURSDAY, DECEMBER 10, 1992

PRESENT: PRESIDENT STEVEN A. GRIMM COMMISSIONER HOLMES R. SHAVER COMMISSIONER JEAN GRAPES

On this date, the County Commission met in regular session. They signed purchase orders, invoices and other correspondence. The County Commission approved an Exoneration for Randy Graham.

At 9:30 A.M., Edward Kruger failed to show for his appointment to be sworn in to the Wood County Development Authority.

At 10:00 A.M., the County Commission met with Tim Knopp and Kurt Klettner. Upon a motion made by Jean Grapes, seconded by Steven A. Grimm and made unanimous by Holmes R. Shaver, the County Commission entered in to an Agreement by and between the County Commission of Wood County, West Virginia, and Kurt A. Klettner, a Certified Addictions Counselor. Said Agreement begins on this date and will continue until such time as a permanent, part-time person may be found, since Mr. Klettner has agreed to this position on a temporary, part-time basis only. Execution of said Agreement will provide part-time counseling services for the purpose of the continual development and operation of treatment programs to deal with adult offenders who have drug and/or alcohol abuse substance problems. Funding for the continuation of such programs is through the Drug Control and System Improvement Formula Grant No. 92-DC-061, and Counselor Klettner is to be compensated at the rate of \$19.00 per hour (not to exceed \$150.00 per day) for twenty hours per week. An Order was prepared regarding this matter.

On this date, the County Commission, upon a motion made by Holmes R. Shaver, seconded by Jean Grapes and passed, authorized Steven A. Grimm, in his official capacity as President, to sign the Request for Reimbursement in regard to the Drug Control and System Improvement Grant No. 92-DC-O61. Expenditures in the amount of \$551.00 were made by the County to Cathy O. Doty who provided, by contract, twenty-nine hours of substance abuse services to the Wood County Adult Probation Office during the month of November, 1992. However, the Request for Reimbursement is in the amount of \$495.90 since there is a ten percent matching fund requirement to be met by the County as set forth in the Grant. In addition to the Request for Reimbursement, the Monthly Progress Report and the Project Financial Report are being submitted to the Criminal Justice and Highway Safety Office, Charleston, WV. An Order was prepared regarding this matter.

On this date, the County Commission, upon a motion made by Jean Grapes, seconded by Holmes R. Shaver and passed, authorized Steven A. Grimm, as President, to sign a letter addressed to the Criminal Justice and Highway Safety Office, Charleston, WV, requesting supplemental funds in the amount of \$6,820.00 for drug and alcohol counseling to be provided to inmates at the Wood County Correctional Center. A Certified Addictions Counselor would be hired on a contractual basis at \$30.00 per hour to provide six hours of counseling per week; three hours of group counseling and three hours of individual counseling. Supplemental funding would require a ten percent match in the amount of \$682.00 from the County. An Order was prepared regarding this matter.

On this date, the County Commission, upon a motion made by Holmes R. Shaver, seconded by Jean Grapes and passed, authorized Steven A. Grimm, as President, to sign a Resolution whereas the County Commission finds the itemized invoices totaling \$11,310.32 to be reasonable and allocable in regard to the Governor's Community Partnership Grant for the Waverly Library project. Therefore, the County Commission is requesting payment from the West Virginia Development Office, Charleston, WV, in the above amount. An Order was prepared regarding this matter.

Burd, President of the Development Authority recommended Jerry Halverson to fill the unexpired term of Mr. Chatfield, which will expire on September 30, 1994. WOOD COUNTY PARKS AND RECREATION COMMITTEE

I would like to offer the board of directors what I feel are suggestions for the progress, betterment and proper procedures for governing Mountwood park.

The board of directors as described under rules and regulations (recorded in the Wood County Order Book) designates there are to be 11 commissioners who are to be in charge of the development and the administrating of the park service. The rules and regulations do not designate or require that a county commissioner serve on the board. The appointed commissioners to the park should not be required to do maintenance or emergency or daily operations for the park.

In order for the Mountwood board to operate properly and aggressively, they should immediately hire a director as superintendent for the park. In my opinion the board must cut costs in any other manner necessary in order to fulfill the office of the director.

The director should wear several hats, but his first and most important job description is described in the revised 1982 bi-laws (see attached). The park director should as the bi-laws state be the overseer of the maintenance, purchasing director within the guidelines as set forth. The director should have the qualifications of light maintenance skill, the knowledge to be prepared for emergencies, and supervisory skills.

The director and the commission president, or his appointee, should request correct form procedures from the state tax commission as to proper procedures for handling the books and operations as the recreation is governed by the tax commissioner under the state and federal rules and regulations as described in attachment.

A surety bond in the amount of \$25,000 must be required for the director and any board member who signs checks. The bond to be for public record and presented to the county commission as required by the rules and regulations see attached.

The president should appoint a committee to diligently pursue public water from Claywood Public Service for Abrascus and the campground if the campground is to be reopened.

In accordance with the rules and regulations (see attached) the president should appoint a liaison committee, this committee should pursue the regional council and other grant inanities for any grants available for Mountwood If there are any grants available these people have the knowledge and the incentive as they work on a commission basis, if they can acquire a grant.

I would like to commend the hard working and dedicated board of Mountwood, these suggestions are well intended and not meant to be offensive and should not be taken as criticism.
