On this date, at 10:00 A.M., the County Commission of Wood County, held a public hearing in City Council Chambers in the Parkersburg Municipal Building. Sam Henry discussed the cost of this project, considering the fact that elderly people were mostly on fixed incomes but he also notes that the elderly will be one of the most to benefit from this. D.R. Smith, E-911 Director, discussed the changes that will occur in the cost of combining this project to one location in Wood County, noting that the cities of Parkersburg and Vienna will see a reduction in employees for dispatching purposes.

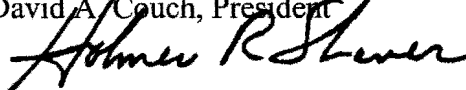

Hearing no further comments, this meeting was adjourned upon a motion duly made, seconded and passed.
